Some advice!

When travelling by taxi beware of taxi drivers who try to scam you because you are new to the country. If you decide to take a taxi, please look for one with a highly visible taxi company logo and telephone number on the door (e.g. City Taxi) to make sure you pay a reasonable fare.

Please don't forget that you have to buy tickets for the public transport, and validate a ticket on each vehicle you take.

When looking for a place to have a lunch or dinner please be careful with those, especially in Váci street (the main shopping pedestrian street) who try to invite you into their restaurant.

Carefully review the floor plan and the emergency escape routes which are displayed in your room door.

- Locate the nearest fire extinguishers and fire alarms.
- In case of a fire or an emergency, please call the Reception Desk at 900 and leave your room using the next available emergency exit.
- If your door handle feels warm to the touch or you can see smoke, do not attempt to leave your room.
- Do not panic and follow the instructions of the hotel staff and the fire brigade.
- Extreme amount of steam in the bathroom can cause the fire alarm to go off. Please be careful to prevent this from happening.
